

You've Got To Sing

Life is such a journey how can anyone deny?
First you're up and then you're down and then you're flying high.
There is only one thing that will get you through the day,
It's no secret we all know, so listen as we say.

You've got to sing, dance, raise your voice up high,
You've got to sing, dance, teach the world to fly,
You've got to sing, dance, reach up to the sky,
And then you'll see, you'll see what it means to be.

What a great adventure we all start when we are born,
Sometimes we forget that when we're feeling all forlorn.
Life, it can be scary but it's never ever dull,
We have only one chance, we should live it to the full.

You've got to sing, dance, raise your voice up high,
You've got to sing, dance, teach the world to fly,
You've got to sing, dance, reach up to the sky,
And then you'll see, you'll see what it means to be.

Surfing waves or flying way up high
Can be scary, but you have to try.
When you face the things you have to face,
You'll see life from such a groovy place.

Ba, da, da, da, da, da,
Da, da, da, da, da, da,
Ba, da, da, da, da, da,
Da, da, da, da, da, da.

Ba, da, da, da, da, da,
Da, da, da, da, da, da,
Ba, da, da, da, da, da,
Da, da, da, da, da, da.

You've got to sing, dance, raise your voice up high,
You've got to sing, dance, teach the world to fly,
You've got to sing, dance, reach up to the sky,
And then you'll see, you'll see what it means to...

Sing, dance, raise your voice up high,
You've got to sing, dance, teach the world to fly,
You've got to sing, dance, reach up to the sky,
And then you'll see, you'll see what it means to be.
What it means to be.
What it means to be.
