

It's Carnival Time!

It's carnival time everybody!
We're in for a party tonight.
With music and singing and dancing,
A time for us all to unite.
The carnival parade is coming,
Let's hop on that float passing by.
Carnaval, meus amigos?
Por favor, meus amigos.
We're gonna party tonight!

It's carnival time everybody!
It's time to go wild for one night.
The samba parade is approaching
A wonderful, spectacle sight.
The lights and the colours and costumes,
Will dazzle your senses away.
Carnaval, meus amigos?
Por favor, meus amigos.
We're gonna party tonight!

The rhythm gets into your body,
The music takes over your mind.
The atmosphere swaying around you,
You're in for the time of your life!

Dance break

It's carnival time everybody!
A sight and a sound to enthrall.
A time for us all to embrace life,
A wonderful evening for all.
We can't wait for next year's fiesta,
The best night of all of the year.
Carnaval, meus amigos,
Por favor, meus amigos.

We're gonna party tonight!
We're gonna party tonight!
We're gonna party tonight!
