

# If I Was a Superhero

If I was a superhero  
If you were a superhero  
I would fight for what is right  
You could fight for all our rights  
If I was a superhero  
If you were a superhero  
I would fly all day and night  
In your cape and in your tights

If I was a superhero  
If you were a superhero  
Villains would not stand a chance  
Oh, they would not stand a chance  
I would move as fast as lightening  
So courageous and so fright'ning  
Lead the baddies in a merry old dance  
In your superhero pants!

If I was a superhero  
If you were a superhero  
I would always do my best  
You're the bravest and the best  
I'd be a super-duper hero  
A simply super-duper hero  
With my name across my chest  
You could write it on your vest!

If I was a superhero  
If you were a superhero  
I would need a loyal friend  
I would be your loyal friend  
Someone brave and so heroic  
I am brave and I'm heroic  
Someone strong and someone...  
Psychic!! Did you see how I was psychic!

We're dynamic we're a duo  
We're fantastic we're a two-oh  
Superheroes 'till the end of time.  
Five and four and three and two and one,  
And zero!

Marvellous, wonderful  
That's when we work together  
We're super, fantastical  
We're strong and we're forever  
We're awesome and magical

We're solving things together

We're saving the world and getting back home for tea.  
Batman and Robin should stay at home sobbing,  
Superheroes you and me!

If I was a superhero

If you were a superhero

I would be invincible

You could write that on your hat

If I was a superhero

If you were a superhero

I could turn invisible

Wait a minute! Who said that?!

If I was a superhero

If you were a superhero

I would be a master sleuth

You could seek and find the truth.

I would always get the answer

When you spin round like a dancer

With my shiny golden lasso of truth

Are you sure it's waterproof?

If I was a superhero

If you were a superhero

All the villains I'd outfox

You're much stronger than an ox

I would use my x-ray vision

That could help you on your mission

I could change in a phone box

Don't forget to change your socks!

If I was a superhero

If you were a superhero

I would swish and sway my cape

Would a towel do at a scrape?

We're amazing, we're avengers

And we have the best adventures

Superheroes 'till the end of time!

Time to sing the chorus once again.

Let's go!

Marvellous, wonderful

That's when we work together

We're super, fantastical

We're strong and we're forever

We're awesome and magical

We're solving things together

We're saving the world and getting back home for tea.  
Batman and Robin should stay at home sobbin',

Superheroes you and...

Wait! We need a bigger finish!

You mean a superhero finish?!

Superheroes

Superheroes

Till the end of time.

In our superhero pants!
